

Fleet Services Superintendent (Union-Exempt)

You will lead and direct the management of the vehicle fleet (totalling approximately 200 diverse vehicles and items of construction equipment) including the acquisition, replacement, operations and repair/maintenance functions. This will entail: • managing all facets of a garage facility • short- and long-term fleet and equipment planning • supervising garage operations staff with a focus on maintenance management, safety and training.

The technical, managerial/supervisory and administrative nature of this role requires a well-rounded individual who is capable of making independent decisions related to the safe operation of the City fleet. You have: • eligibility for certification with the ASTTBC in a relevant field or a Mechanical TQ • 5 – 7 years' related experience at the managerial/supervisory level in a sizeable organization.

The salary range for this union-exempt role is 75,433 – 81,588 per annum and is augmented by an excellent benefits package, along with a compressed work week. All candidates interested in advancing a career within a progressive municipal environment, please submit a cover letter and résumé, quoting file **MCAC2007-268, by 5:00 pm, Monday, April 30, 2007 to:**
